 - Sigurd Willoughby, StatoilHydro ASA
- **Adjusting experiences and issues**
 - Charlotte Brown, Matthews Daniel

Questions and Answers

WELCAR 2001 Wording - Six Years On

The 'Ground Rules'

- Assume views are personal not corporate
- Opinions on 'live' cases will not be expressed
- You have a point? – make a note of it
- Questions at the end of the Sessions
- Q&A - an opportunity for participation not self promotion or the riding of 'hobbyhorses'

A photograph of an offshore oil rig at sunset. The rig is silhouetted against a bright orange and yellow sky. The rig's structure is complex, with multiple levels and a central derrick. The water below is dark and reflects the light from the sky. The overall scene is dramatic and industrial.
